Technology Resources

There are a number of technological resources that are available to faculty, staff, and students at the UW Department of History.

Online Teaching Resources

- Teaching Online, 101: A Guide for History Department Instructors
- Online Teaching - Resources & Best Practices Page

Equipment for Checkout

Projectors

- We have several projectors that are available for checkout
  - All projectors have power and video cables included in the cases
  - Projector remotes are available upon request

Laptop Computers

- We have a number of PC and Macbook laptop computers available for checkout.

Please note that these computers get reimaged every couple months so DO NOT save any data you really need on them.

Mobile Devices

- We have 3 iPads available for checkout

Please note that the iPads are WiFi only models. Additionally, any purchases for apps must be made with the User's Apple ID and the Department of History is not responsible for any purchases made on these...
Camera / Video

Video
- Canon XH A1

Camera (Photo)
- Canon EOS Rebel T7

Please note that any media provided with these devices must be returned to the Department of History. You are responsible for transferring recordings off these devices to your own storage.

Workspaces

The Department of History supports two small by-reservation technology workspaces for use by all UW students, staff, and faculty: Smith 210A and Smith 306. These spaces include facilities for multimedia production, scanning, OCR, video- and teleconferencing, and presentations. To reserve a timeslot in one of these rooms, contact the department main office (Smith 318, histmain@uw.edu, x35790) or the department IT office (Smith 206A, histcomp@uw.edu, x69169). These spaces were funded, in part, by the support of the UW Student Technology Fund.
