HSTRY 388 C

Jerusalem and the Holy Land

Joel Walker

Monday and Wednesday 10:30-12:20

This undergraduate seminar explores the history of Jerusalem over a period of some two millennia: from the city's designation as King David's capital ca. 1000 BC to the Muslim-Christian wars of the Crusader era. The seminar has no prerequisites beyond intellectual curiosity and a willingness to think carefully about the development of religious ideas in historical context.
